**Club Meeting:** Lions Park Clubhouse, January 14, 2019, 7:00 PM

**Board Meeting:** Time and place will be decided at the club meeting

## **President's Message:**

Welcome to the New Year! 2019 sounds so distant, yet here it is. I hope to have another year of exciting events and hope the finds continue to be full of interesting items. I would like to add a new twist to the club finds this year in the form of Rock Hounding. Mineral specimens are everywhere. I myself have acquired many different varieties of rocks and crystals. We are planning a Disabled Veterans hunt again this year. It's going to be a little different this year with more help from the Warrior Resource Center. So, I will have the details at the January meeting. Exciting news for myself: I went down and applied for my retirement and can't wait to see what lies ahead...more prospecting, detecting, and all around treasure hunting. I hope to see everyone at the next meeting on Monday, January 14<sup>th</sup>. "Drive careful and be safe," will see you soon. Don Rodarte, UTC President

## **Wisdom:**

Are you hearing random, static interference noises from your detector? Be sure the coil cable is tightly wound around the detector shaft. A loose cable can create this problem. (From Garrett Inc. website FAQs, Frequently Asked Questions)
